

SUNBURST

THERMAL WEED CONTROL EQUIPMENT

SpHot Weeder™

The first major innovation in hand-held torches in decades, Sunburst's SpHot Weeder™ is the most efficient and effective flame weeder available!

Makes flaming weeds more controllable with greater impact at less cost. These benefits are achieved by containing, focusing, and directing the heat produced by an open flame torch.

- An innovative design that uses less propane while simultaneously being more effective and less hazardous
- Reduces off-target impacts
- Easy and simple to use
- Highest quality materials and construction, including stainless steel for durability

Our technology contains and directs flames and heat in a manner that makes the SpHot Weeder™ more effective and efficient than any other type of hand-held thermal weed control equipment.

Ideal for fencelines, gravel driveways, parking areas, permeable pavement and MORE!

Environmentally Sound Thermal Weed Control Equipment

SpHot Weeder™

TECHNICAL DATA

	Oval Basket	Round Basket	Wand
Footprint (size of bottom opening)	8" x 12"	8"	—
Height/Length	20"	20"	30"
Weight	6.5 lb.	3.5 lb.	3 lb.
Burners	Two Burners: 140,000 to 180,000 BTU's/hr. each @ 25 psi *	One Burner: 140,000 to 180,000 BTU's/hr. @ 25 psi *	—
Materials/Components:			
Baskets	3/16" dia. Stainless Steel Rod	3/16" dia. Stainless Steel Rod	—
Mesh Liner	Stainless Steel	Stainless Steel	—
Flame Reflector	Stainless Steel	Stainless Steel	—
Hub Coupler	Stainless Steel	Stainless Steel	—
Hub Cover	Aluminum	Aluminum	—
Fittings	Brass	Brass	Brass
Rivets	Stainless Steel	Stainless Steel	—
U-Clips	Spring Steel	Spring Steel	—
Squeeze Valve: Adjustable with pilot light control	—	—	Brass body; Steel handle
Fuel Supply Tubes	—	—	Brass
Handles	—	—	Molded durable plastic adjustable "D" handle on fuel supply tube

* **Note:** one gallon of propane = 92,500 BTUs; one pound of propane = 21,000 BTUs.
Fuel consumption will vary with actual psi based on application conditions and use of the squeeze valve.

All components for the SpHot Weeder™ are available at thermalweedcontrol.com (not including propane tank). Use our online shopping cart for credit card orders or call 541.345.2272 to make a purchase with check or money order.
